Woodschtick

Woodschtick was written and performed by the Credibility Gap — Richard Beebe, David L. Lander, and Harry Shearer — with additional writing and performing by Michael McKean and Christopher Ross, and additional writing but not performing by Morgan Upton, and a little help from our friends—147 beautiful paying customers who will receive no money, not one red cent, from the commercial exploitation of that wacky, wonderful Thursday.

Woodschtick was made possible by a grant from the Freddy Herbie Foundation.

Woodschtick theme written and performed by Michael McKean (Zounds, What Sounds!—BMI)
