NATIONAL BATON TWIRLING ASSOCIATION'S OFFICIAL CONTEST RECORD

CONTEST — VOLUME IV

This album is the first of its kind. Recorded especially for Baton Twirling Contests. Contains fourteen of the most favorite marches at just the right tempo, . . . supervised under the direction of Paul Lavallo, one of America's favorite band directors. This record has met enthusiastic approval with Contest Directors, and contestants as well, who have heard this record played. It is approved by NBTA's National Rules Commissioner.

A collection of modern marches featuring a two bar drum beat and "standard roll-off" at the beginning of every march. Forty-five minutes of uninterrupted march rhythms made with an eye toward saving time at contests. Eliminates awkward stops, no more waiting for the phonograph arm to swing over to the next band, does away with uncertainty in getting started to "pick up the beat" for basic or strutting routine contestants. Truly the ideal record of band marches for contests.
