MAGIC! That's the word for Lenny And The Squigtones.

When we first laid ears on the special sound of Lenny and the Squigtones, we knew we were on to something. They were playing a raucous midnight set in a smokey roadside diner outside Milwaukee. They were raw, they were unpolished, but most important, they were naive.

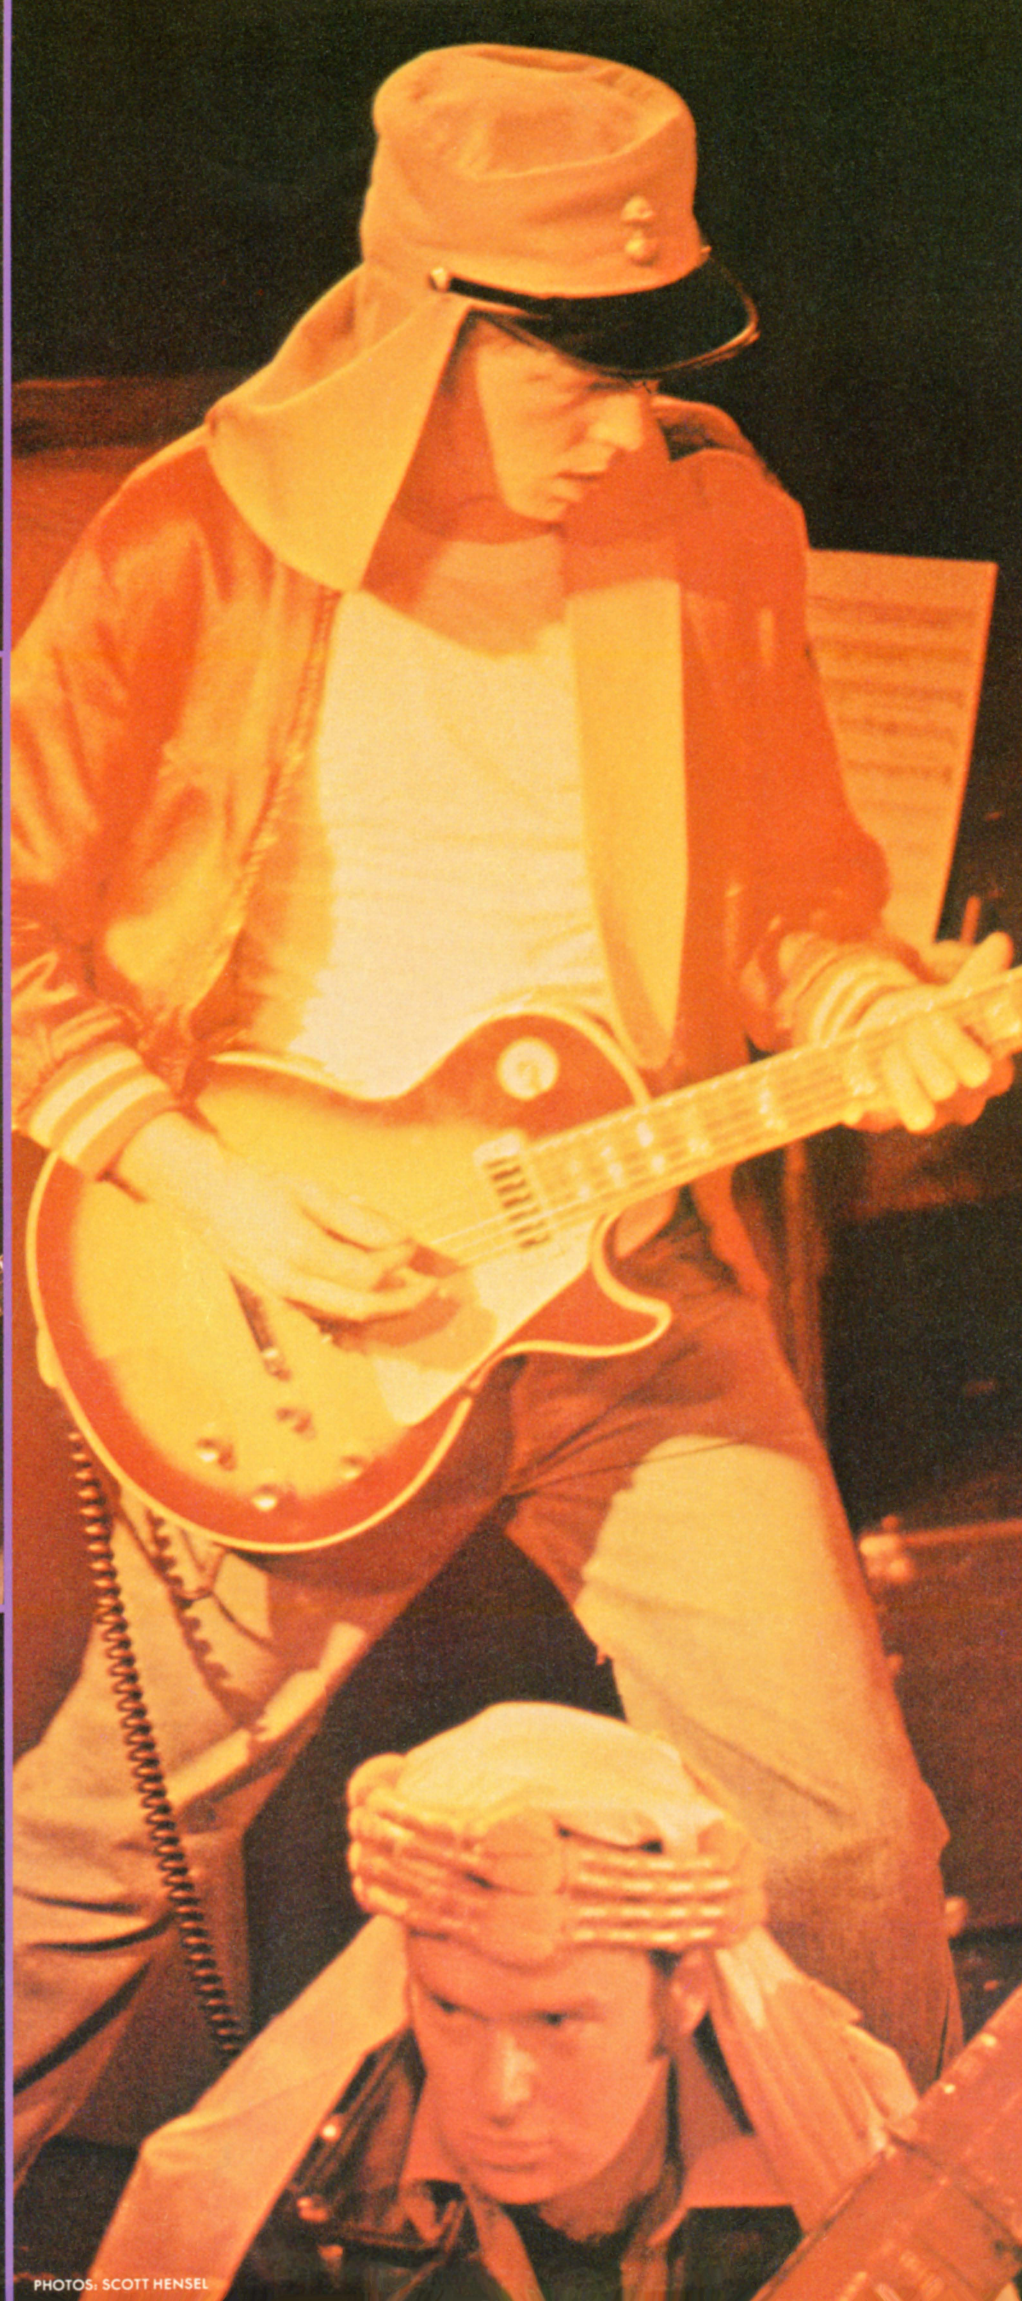

"Mike and Dave did everything for us," beams Lenny. "Even the paperwork!"

"We weren't in the Copyright Union," adds Squiggy, "but they solved that by signing their names to all our tunes. Just think of the money we're saving on Union dues!"

In these days of know-it-all rock stars, it's refreshing to find two young talents who are willing to follow creative orders.

GULLIBLE! That's the word for Lenny and the Squigtones.
