(Mike McGear/Roger McGough) 3' 15"

When Scaffold broke up three years ago, the music industry lost one of the most successful and consistently humorous groups of the decade. With their tremendous and outlandish Liverpudlian humour, Messrs. McGough, McGear and Gorman had presented us with three top five hits, in the form of "Thank U Very Much", "Lily The Pink" and "Liverpool Lou".

Now after three years

going their separate ways the boys have got back together; and this disc marks their first release since re-forming and signing to Bronze Records. The songs tell the story of Mr. Noselighter who is born with a candle instead of a nose; and is adapted from Roger McGough's recently published book, "Mr. Noselighter".

Another chapter in the Scaffold storybook is ready to be told . . .
